## Covid Labels

Due to the gradual opening of shops, we know that you will need to put in place new measures and procedures to ensure the safety of your employees and your customers. In order to help you, we offer you a series of posters showing the public health security instructions that you can easily post in your shops. Printed on a resistant material, they will allow you to effectively communicate the information. If you have needs contact us it will be our pleasure to fulfill your requests.

Proudly made in Canada. Let's encourage our national economy!
